Dear Neighbour

Tilbury2

Access for Horses

On 20 February 2019 Port of Tilbury London Limited (PoTLL) was granted a Development Consent Order to allow it to build a new port terminal east of Tilbury Fort together with associated infrastructure. This is a large expansion and will increase the volume the Port can take.

The expansion of the Port requires a new road and rail link to the south of the existing C2C rail line. For this to happen the Fort Road bridge will be extended resulting in a closure of Fort Road, at the existing rail bridge, for approximately 12 months.

A perimeter fence line will be installed to keep the area safe for the public and animals and we would ask that any horses are removed from the area in advance of our works.

Thank you for your understanding.
